FROM THE PRINCIPAL

It is good to see the positive, enthusiastic and eager faces of the students returning to Warra. We have already had a busy and productive time with a lot of learning happening.

This term we are starting Dance. Originally this was to be held on Mondays, but due to travel, this has been changed to Thursday mornings. A variety of dances will be learnt and the students should be able to display these at the end of year celebrations. This will be for the first 5 weeks of the term. Swimming will then commence in Week 6 (12 Nov) and continue for the rest of the term.

We are still working on our poetry, with assessment given out next week to be completed by the end of the week. The students will then work on narratives until the end of the year.

Maths is done in 5 week units, with each week having a specific strand allocated to it.

Science this term is Physics, specifically movement and forces. We have already completed a few experiments and games regarding forces.
